ORCID: 0009-0000-4164-8303

EDUCATION

The University of Hong Kong, Graduated with Distinction; GPA: 3.56/4.3

Master's degree in Innovative Design and Technology — Sep 2023 - Jul 2025

Main courses: Machine Learning | Neural Networks | Deep Learning | Data Science | Cyber Security

Beihang University — Sep 2019 - Jun 2023

Bachelor's degree in Microelectronics Science and Engineering

Main courses: Machine Learning | Artificial Intelligence Chips | Python | Analog & Digital Circuits

RESEARCH & PROFESSIONAL EXPERIENCE

PetroChina (Beijing) Digital Intelligent Research Institute — Aug 2025 - Present

Researcher

Conduct research on planning capabilities for AI agents. Develop intelligent agent systems, combining investigation of planning methods with hands-on software implementation.

Alibaba Group Holding Limited — Jul 2024 - Jul 2025

AI Software Engineer Intern

Contributed to AI software engineering work related to Tongyi large language models. Supported model-related development within an industry engineering team.

ACTIVITIES

Machine Learning Summer School — Jul 2021 - Aug 2021

Peter the Great St. Petersburg Polytechnic University

Studied machine learning with scikit-learn, deep learning with PyTorch, and Transformer architectures through hands-on practice. Final grade: 100/100.

Winter School Teaching Assistant — Dec 2020 - Feb 2021

Beihang University

Delivered lessons and provided academic support through question-and-answer sessions and tutoring. Prepared questions and exercises to support instruction and student learning.

ADDITIONAL INFORMATION

Languages: Chinese (native); English (IELTS: 7.0; CET-6: 626).

Qualification: Certificate of Amateur Radio Operation (Class A).

Interests: Hiking, hillwalking, driving, and science fiction films.
